Professional Summary

Python Full Stack Developer with hands-on internship experience in designing, developing, and deploying dynamic web applications. Skilled in **Python**, **MySQL**, **HTML**, **CSS**, **JavaScript**, and **Bootstrap**, with strong knowledge of RESTful APIs, database design, and modular coding practices.

Education

B.E – Computer Science and Engineering
Muthayammal College of Engineering (Anna University)
CGPA: 8.04 / 10 | May 2025 – Namakkal

HSC | Government Higher Secondary School Puduchatram
Percentage: 84.5 / 100 | May 2021 – Namakkal

SSLC | Government Higher Secondary School Puduchatram
Percentage: 80.2 / 100 | May 2021 – Namakkal

Internship

Python Full Stack Intern | Sep 2025 – Present
PUMO TECHNOVATION, Coimbatore

- Hands-on training in Python, MySQL, HTML, CSS and Bootstrap for full-stack web application development.
- Built and tested multiple Python-based web modules with MySQL database integration.
- Designed responsive UI components using HTML, CSS, and Bootstrap for cross-device compatibility.
- Implemented reusable and modular code structures, improving maintainability and readability.
- Used **Git and GitHub** for version control and collaborative development.

Skills

- **Frontend:** HTML5, CSS3, JavaScript, Bootstrap, Reactjs
- **Backend:** Python, Tkinter
- **Database:** MySQL (Joins, Schema Design, CRUD)
- **Version Control:** Git, GitHub
- **Tools:** Postman, VS Code, PyCharm

Projects

STUDENT MANAGEMENT SYSTEM - Python, MySQL (Aug 2025)
Link: https://github.com/Sarankumarvsk/Student_management_system

- Developed a console-based **CRUD** application using Python and MySQL.
- Implemented attendance tracking with automated date-based reporting.
- Designed reusable database functions with secure parameterized SQL queries.
- Applied modular programming and clean code structure for maintainability.

PC ELECTRONICS WEBSITE - HTML, CSS, JS, GitHub pages (Sep 2024)
Link: https://sarankumarvsk.github.io/pcpulse/shop.html

- Built a fully responsive e-commerce storefront showcasing PC components.
- Implemented product categories and a user-friendly navigation system.
- Deployed the website using GitHub Pages.

Additional Information

- **Strengths:** Process Planning, Quick Learner, Team Player, Adaptability
- **Languages:** English, Tamil
- **Valid Passport** – Open to International Relocation (UK, USA, Australia, Canada, Dubai)
